

The Expert Panel

Supporting the Meningococcal Disease Certificate Course

Dr. Joe Datt

Dr. Joe Datt is a highly experienced Paediatrician and Neonatologist based in London, UK, working across both private and NHS healthcare settings specialising in child development, paediatric neurology, and rare childhood diseases. With over 18 years of clinical and research experience, he has worked extensively within the NHS and internationally. Dr. Datt focuses on conditions such as autism, ADHD, and complex neurodevelopmental disorders, while also contributing to research in genetic and metabolic diseases. He is a Fellow of the Faculty of Pharmaceutical Medicine and remains dedicated to advancing paediatric care, education, and innovation in medical research.

Dr. Kalu Ogbureke

Dr. Kalu Ogbureke, DCH, MRCP, FRCPCH, MSc (Health Management), is an experienced Consultant Paediatrician in the UK with over 18 years of consultant practice in both the NHS and private sector. He completed his paediatric training at King's College Hospital London and the Royal Hospital for Sick Children, Bristol. He currently works within the NHS and privately at Harley Street Clinics and The Portland Hospital for Women and Children, London. His interests include paediatric respiratory diseases, neonatology, infant feeding disorders, allergies, and infections. He is a member of the British Medical Association and the British Association of Perinatal Medicine.
